4. You will now see the Stadium Map and on the right the number of available tickets (a 20+ means more than 20). This example shows that only the Big Bank has tickets and no seats in the Main Stand are left. Click either the area on the Diagram (Blue Thatchers Cider BiG Bank) or the highlighted section on the right.

This will take you to screen that enables you to select the number of tickets you wish.

5. Enter the number of tickets wanted in the Quantity of Tickets Desired box and use the Add to Cart button. In the example we have added three tickets – if you try to order more than the maximum allowed the Buy Tickets buttons will disappear until you delete the number over the limit.

Use the Buy Tickets button to proceed to the Step to choose the type of tickets required (Adults, Senior, Under 18 etc).

6. Use the Discount/Adjustment drop down lists to choose the type of tickets required and finally use the Recalculate button to set the correct prices. When you are happy then use the Confirm Order to proceed to the payment screen.

7. At the payment screen you can check your order

Your delivery address and details are shown on the right.

This can be updated using the Update Account Button.

Also shown are the last 4 digits of your registered card.

If this is blank (as in the example) or you wish to change it; You must use the Update Account button to add your payment card details.
